

CGRA Ice Conditioning

Chappelle Gardens Residents Association takes a lot of pride in maintaining the NHL and Pleasure Rink ice surfaces. We groom them every morning and when needed throughout the day. We also want to take the best care of our equipment, therefore our Zamboni also known as “Harriet” will not groom the ice when it is -20 degrees or colder with the wind chill. There is too much risk of damaging our machine and potentially our ice surface. If any of the hydraulic lines freeze up they could potentially burst all over our ice.

No matter how cold we will keep our ice surfaces open and our best to clear any snow etc... We commit to always having an ice surface to skate on.

If you have any comments or suggestion's, we would love to hear from you. Call 780-705-1815 or email Jaime at GM@chappellegardensra.ca
